

■ StormTune — Infographic v1.0

Your AI-Powered Race Day Copilot

■ ■ Weather-Based Tuning	Real-time fuel & ignition corrections based on temp, pressure, humidity.
■ Tire Pressure Advisor	Optimal PSI for drag, drift, rally, and circuit setups.
■ SparkGap Advisory	Dynamic spark plug gap recommendations under changing conditions.
■ ■ Race Modes	Street • Drag • Rally • Circuit — preset strategies ready to apply.
■ Data Insights	Lap & 60ft analysis, dry vs wet track performance trends.
■ Offline Mode	Keeps working even without internet at the racetrack.

■ Vision: Democratize motorsport tuning with AI-powered insights, making performance accessible to all levels of racers.

■ Audience: Grassroots racers, drag & circuit drivers, rally teams, and semi-pro tuners worldwide.
